Chapter 308: The Divine Artifacts of Eternity

As The Absolute One, Sung Jin-Woo continued to expand his arsenal of divine tools, crafting artifacts that held unimaginable power. These tools were designed to reshape existence, regulate life and death, and maintain balance throughout the multiverse. Each new artifact served a distinct purpose, further solidifying his role as the God of Creation and Abundance.

Newly Created Divine Tools

1. Cups of Reincarnation

Golden chalices imbued with the essence of life and the cycle of rebirth.

Features:

Allows souls to reincarnate into new lives, choosing their destiny.

Can purify corrupted souls, restoring them to their original state.

Used by Sung Jin-Woo to maintain the balance between life and death.

2. Absolute Hourglass

A massive hourglass that controls the flow of time across realms.

Features:

Pauses, rewinds, or accelerates time within a designated area.

Can grant mortals or gods an extended lifespan or reverse catastrophic events.

Powered by the sands of eternity, extracted from the Void.

3. Mirror of Truth

A silver mirror that reflects the true nature of any being or object.

Features:

Reveals hidden intentions, lies, and the deepest desires of those who gaze into it.

Can expose the weaknesses of any foe.

Used to ensure loyalty among followers and root out corruption.

4. Lantern of Souls

A lantern that guides lost souls to their rightful place in the afterlife.

Features:

Emits a soothing light that calms restless spirits.

Can summon and communicate with the dead.

Acts as a beacon for souls trapped in the Abyss or Void.

5. Wheel of Creation

A divine artifact that determines the destiny of new worlds.

Features:

Spins to create unique laws of physics, magic, and life for new realms.

Allows Sung Jin-Woo to experiment with different forms of existence.

Ensures balance and harmony in newly created universes.

6. Gauntlets of Dominion

A pair of dark silver gauntlets enhancing control over all creations.

Features:

Amplifies Sung Jin-Woo’s physical and magical strength.

Grants the ability to manipulate reality with a mere gesture.

Embeds sigils of creation, destruction, and control.

7. Pillars of Eternity

Immense, glowing pillars placed across realms to stabilize their existence.

Features:

Prevents dimensional collapses and anomalies.

Acts as anchors for Sung Jin-Woo’s power, extending his dominion.

Emits a protective aura shielding realms from external threats.

8. Crown of Omniscience

A radiant crown symbolizing infinite knowledge.

Features:

Grants Sung Jin-Woo awareness of all events in the multiverse.

Allows him to predict and counteract potential threats.

Enhances his ability to create and govern realms.

9. Chalice of Restoration

A crystal cup that holds the essence of renewal.

Features:

Restores destroyed realms, bringing them back to their original state.

Heals beings and artifacts beyond mortal repair.

Fills itself with eternal nectar that rejuvenates those who drink it.

10. Blade of Annihilation

A weapon designed for ultimate destruction.

Features:

Can erase entire dimensions and beings from existence.

Emits a dark aura that destabilizes reality around it.

Used sparingly by Sung Jin-Woo, as it represents the final judgment.

Purpose and Impact

With these divine tools, Sung Jin-Woo established greater control over the multiverse, ensuring its harmony and stability. Each artifact was entrusted to specific followers, while some remained in his possession, reserved for crucial moments.

Through his creations, Sung Jin-Woo continued to redefine the very concept of divinity, solidifying his role as the eternal guardian and creator of all existence.
